But in higher education, globalization also requires the state to respect the autonomy of institutions so that a diversity of experiments can find expression, so that institutions have the flexibility to do what it takes to retain talent in a globalized world and, above all, respond quickly to growing demand. ...

Impact of Globalization on Indian Education System

The article argues that the challenges facing higher education in the new millennium cannot be understood unless proper account is taken of the phenomenon of globalisation. Two points are emphasised. The first is that globalisation cannot simply be seen as a higher form of internationalisation; it is a much more turbulent phenomenon that not only transcends but ignores national boundaries.
