Modern Philology | Vol 116, No 2

Historiography is the study of the methods of historians in developing history as an academic discipline, and by extension is any body of historical work on a particular subject. The historiography of a specific topic covers how historians have studied that topic using particular sources, techniques, and theoretical approaches.

Historiography - Wikipedia

The modern field of linguistics dates from the beginning of the 19th century. While ancient India and Greece had a remarkable grammatical tradition, throughout most of history linguistics had been the province of philosophy, rhetoric, and literary analysis to try to figure out how human language works.
