50 examples of business collaboration - Co-society

This site aims to give you a better understanding about the collaborative process by combining the theories of collaboration models and design process. The site illustrates a structure that helps a designer to navigate through the collaborative project and manage it. It also helps you to decide which kind of collaboration you need for the different stages of the project.

Designing Collaboration | How to structure, design and

This manual examines parental substance use disorders, their impact on children, and how child welfare and related professionals can best serve and support families affected by substance use disorders. It also highlights the importance of collaboration between child protective services caseworkers and alcohol and drug abuse treatment providers in the examination, screening, assessment, and ...

George Washington University - The School of Medicine

Collaboration is the process of two or more people or organizations working together to complete a task or achieve a goal. Collaboration is similar to cooperation. Most collaboration requires leadership, although the form of leadership can be social within a decentralized and egalitarian group. Teams that work collaboratively often access greater resources, recognition and rewards when facing ...
