Native American Adobe House Adobe houses (also known as pueblos) are Native American house complexes used by the Pueblo Indians of the Southwest. Adobe pueblos are modular, multi-story houses made of adobe (clay and straw baked into hard bricks) or of large stones cemented together with adobe. Each adobe unit is home to one

Native American House - District School Board of Collier

American Small House helped meet the need for defense-related housing across the country. It was a quick and economical solution to the pressing need for housing workers near new and expanded industrial and manufacturing centers. Slide 21 Here is an example of defense-worker housing built in Cleveland, Ohio.

The American Small House - phmc.state.pa.us

And my house in Sweden (that all my friends and colleagues were saying was soooo good in comparison to "American" construction quality) is built so cheaply. Flimsy construction methods, and when my house was built, the electrical and plumbing standards were about 20 years behind the US.

The Poor Quality of American Houses | Dengarden

Seeking simplicity in combination with modern conveniences, these homes reflect a time in history where, most often, there is little exterior ornamentation on the symmetrical facade and the homey interiors offer a modern touch for today's homeowners. | See more ideas about American houses, House floor plans and Dream homes.
