EVOLVING TERMS OF HUMAN RESOURCE MANAGEMENT AND DEVELOPMENT

Human capital is the stock of knowledge, habits, social and personality attributes, including creativity, embodied in the ability to perform labor so as to produce economic value. Human capital theory is closely associated with the study of human resources management as found in the practice of business administration and macroeconomics. The original idea of human capital can be traced back at ...

Human capital - Wikipedia

Self-Determination Theory (SDT) is a theory of motivation.. It is concerned with supporting our natural or intrinsic tendencies to behave in effective and healthy ways. SDT has been researched and practiced by a network of researchers around the world.. The theory was initially developed by Edward L. Deci and Richard M. Ryan, and has been elaborated and refined by scholars from many countries.

HRM Essays | Human Resource Management Assignments

In recent years, information technology has had a profound effect on human resources (HR) processes and practices. However, relatively little research has examined its effectiveness, and most of the existing studies have not assessed the degree to which these new systems enable organizations to reach their HR goals of attracting, motivating and retaining employees.

The influence of technology on the future of human

Objectives: This course introduces students to selected aspects of the academic literature on organizational behaviour. Students will learn how to apply theories and concepts from the organizational behaviour literature to public sector organizations, with a particular emphasis on local government administration.
