

hydroelasticity of ships pdf

Contents of Volume 1 Plenary Lectures. Design Synthesis for Ships and Floating Systems. Life cycle cost and shipping system. Design optimisation.

Practical Design of Ships and Other Floating Structures

Being the first of its kind in the country, the department was established in 1952. during the last 60 years of its existence, the department has made significant contributions to the development of shipbuilding and shipping industries in the country including the Indian Navy, Indian Coastal Guard, DRDO and other allied organisations.

Indian Institute of Technology Kharagpur

This paper emphasizes some of the challenges and trends associated with the future development of marine structures. Its main focus is on ways to improve the efficiency of energy-consuming ships, and on design challenges related to energy-producing offshore structures.

Marine Structures: Future Trends and the Role of

Ocean Engineering provides a medium for the publication of original research and development work in the field of ocean engineering. Ocean...
