Improving Cost Of Quality through benchmarking exercise

Improving the Customer Experience Through Benchmarking. Benchmarking is the process companies use to identify and establish key performance standards, or benchmarks, and measure their performance against those standards over time. With a benchmark analysis, a company can compare its current scores in critical areas against its own past performance, as well as against its competitors.

Improving the Customer Experience Through Benchmarking - CSP

Another approach to project management benchmarking is through a cooperative effort in the form of a benchmarking consortium. A consortium is a cooperative agreement among groups or institutions. Therefore, a benchmarking consortium is a cooperative to benchmark.
