

in search of sustainable pdf

Sustainability is a priority interest for many organizations, and this is especially true at EPA. Sustainability isn't part of our work – it's a guiding influence for all of our work. Learn more about what EPA is doing and what you can do.

Sustainability | US EPA

Sustainable materials management (SMM) is a systemic approach to using and reusing materials more productively over their entire life cycles. It represents a change in how our society thinks about the use of natural resources and environmental protection.

NEW !!! SDG Resources for Educators . UNESCO provides this unique resource bank designed for educators, education planners and practitioners. It includes hundreds of pedagogical materials, ideas for classroom, multimedia resources and more, detailing how best to integrate Education for Sustainable Development into teaching and learning.

UNESCO and Sustainable Development Goals

Sustainable development is the organizing principle for meeting human development goals while at the same time sustaining the ability of natural systems to provide the natural resources and ecosystem services upon which the economy and society depend. The desired result is a state of society where living conditions and resource use continue to meet human needs without undermining the integrity ...
