Urban Life in America, 1865-1920 Between 1865 and 1920, the new scale and capability of technologies in the workplace, in transportation, and in everyday living transformed cities, producing both excitement and suffering, and ultimately calling forth new ideas about planning and government.

Urban Life in America, 1865 - 1920

studies of peasant life focus on â€œeveryday resistance,â€• meaning the mundane and apparently everyday ways in which people in a dependent position express their resentment at their masters. [2] This book shares with many recent studies of everyday life a focus on practice - that is, the forms of behavior and strategies of survival and ...

Everyday Stalinism Ordinary Life in Extraordinary Times

The Industrial Revolution is a complex set of economic, technological, and social changes that occurred over a substantial period of time. Teachers should consider the documents in this collection as tools for stimulating student thinking about aspects of the Industrial Revolution.
