HUMAN INTERACTION AND COMMUNICATION

3The use of a concept of information as a mediator is not restricted to communication. In human action and interaction (especially in computer-mediated communication), we are not talking only about transmission of information. We define the concept of mediation further, to include sharing of information as well.

Information in the Study of Human Interaction

nication technologies in schools. The technologies involve much more than computers, and so the abbreviation we use for information and communication technologies - ICT - is a plural term to denote the whole range of technologies associated with processing information on the one hand and, on the other, with sending and receiving messages.
