Toastmasters International -Home

Highlights Acculturation models as applied to international students are reviewed. The international student literature provides support for some aspects of the models. Acculturation models need to be tested using international student populations. Host society plays an important role in international students' acculturation.

A review of the acculturation experiences of international

Assessing the effects of a combined economic and social intervention in Uganda on child protection and economic outcomes E. Namey, S. Zissette, W. Okello, D. Onena, L. Laumann

A First Course in Linear Algebra is an introductory textbook designed for university sophomores and juniors. Typically such a student will have taken calculus, but this is not a prerequisite. The book begins with systems of linear equations, then covers matrix algebra, before taking up finite-dimensional vector spaces in full generality.

A First Course in Linear Algebra (A Free Textbook)

The Center for the Book in the Library of Congress Letters

International law is the set of rules generally regarded and accepted in relations between nations. It serves as a framework for the practice of stable and organized international relations. International law differs from state-based legal systems in that it is primarily applicable to countries rather than to private citizens. National law may become international law when treaties permit ...
