Labour economics seeks to understand the functioning and dynamics of the markets for wage labour.. Labour markets or job markets function through the interaction of workers and employers. Labour economics looks at the suppliers of labour services (workers) and the demanders of labour services (employers), and attempts to understand the resulting pattern of wages, employment, and income.

The First Labour Government of New Zealand was the government of New Zealand from 1935 to 1949. Responsible for the realisation of a wide range of progressive social reforms during its time in office, it set the tone of New Zealand's economic and welfare policies until the 1980s, establishing a welfare state, a system of Keynesian economic management, and high levels of state intervention.
