In law, a judgment is a decision of a court regarding the rights and liabilities of parties in a legal action or proceeding. Judgments also generally provide the court's explanation of why it has chosen to make a particular court order.. The phrase "reasons for judgment" is often used interchangeably with "judgment," although the former refers to the court's justification of its judgment while ...

The early origin of these instruments is a matter of speculation among text writers. In primitive societies, the system of bills of exchange could not, of course, have existed; for firstly, money which it represents was not invented till long after, and secondly, the art of writing was a thing unknown to them.
