interpreter to know in order to understand the speaker of an alien language, and how could he come to know it? (Donald Davidson, "Reply to Jerry Fodor and Ernest Lepore's *Does Radical Interpretation Possibility*", in R. Stoecker (ed.), *Reflecting Davidson*, Berlin: De Gruyter, 1993, p. 83).

Donald Davidson: Meaning, Truth, Language, and Reality

Language, Thought, and Reality Human beings are born into language, into an already ongoing conversation, the way a fish is born into water. Language is the medium in which we exist, survive, and thrive. It is the means by which we create, navigate, and interpret our world.

Language and Reality presents selected writings of Professor Sydney M. Lamb, including six new works and several which have been re-worked for publication. Although he is a leading figure in linguistic science, many of the papers are far from well known, some of them having appeared in more obscure venues of publication, and for the most part unavailable to the wider linguistic community.

Language and Reality: Selected Writings of Sydney Lamb

concern for reality and careful observation will automatically render linguistic investigation more scientific. This, it can be argued, is the first basic principle of a scientific
