The school leaving age is the minimum age a person is legally allowed to cease attendance at an institute of compulsory secondary education. Most countries have their school leaving age set the same as their minimum full-time employment age, thus allowing smooth transition from education into employment, whilst a few have it set just below the age at which a person is allowed to be employed.

Iâ€™ve always been curious about the history of marriage and divorce in the United States. We often hear about how divorce rates are in flux, or how marriage rates are declining, but weâ€™re rarely given a real sense of the long-term trends in marriage and divorce. Since I couldnâ€™t find a chart showing the long-term marriage and divorce trends in the U.S.,
