[PDF] Lexicon Development for Speech and Language

The speech-language pathologist will talk to you about your child's communication and general development. He or she will also use special spoken tests to evaluate your child. A hearing test is often included in the evaluation because a hearing problem can affect speech and language development.

Speech and Language Developmental Milestones | NIDCD

Researchers frequently examine the development of the single-word lexicon in the absence of phonetic data. Yet a large body of literature demonstrates relationships between the phonetics of babble and early speech, and it is clear that production skill is essential for establishing a lexicon.
