Obtaining a master's degree can involve a large investment in time, effort, and money. There is no question that having a degree is a positive sign of accomplishment, but it may not always be feasible or practical for an individual to obtain.

Do I Need a Library Science Master's Degree? | Education

Library and information science (LIS) (sometimes given as the plural library and information sciences) or as "library and information studies" is a merging of library science and information science. The joint term is associated with schools of library and information science (abbreviated to "SLIS"). In the last part of the 1960s, schools of librarianship, which generally developed from ...

The Library of Congress Classification (LCC) is a system of library classification developed by the Library of Congress. It is used by most research and academic libraries in the U.S. and several other countries. LCC should not be confused with LCCN, the system of Library of Congress Control Numbers assigned to all books (and authors), which also defines URLs of their online catalog entries ...
