Find more services. The following information for Queenslanders is located on the Queensland Government website: Blue cards and exemption cards for foster or kinship carers

Child and family - Department of Child Safety, Youth and Women

Social network analysis (SNA) is the process of investigating social structures through the use of networks and graph theory. It characterizes networked structures in terms of nodes (individual actors, people, or things within the network) and the ties, edges, or links (relationships or interactions) that connect them. Examples of social structures commonly visualized through social network ...

In the study of language, description or descriptive linguistics is the work of objectively analyzing and describing how language is actually used (or how it was used in the past) by a group of people in a speech community.. All academic research in linguistics is descriptive; like all other scientific disciplines, its aim is to describe the reality as it is, without the bias of preconceived ...
