Ebookphp.com only do ebook promotions online and we does not distribute any free download of ebook on this site.

### **Microsoft Mastering: MFC Development Using Microsoft**

I have read Beginning MFC by Wrox and I find that it does not compare to Mastering MFC Development Using Microsoft Visual C++(r) 6.0. I say this because the latter expects you to know some basics relating to C++ and does not "baby" you through useless information. It is well structured and the examples are well explained.

### **Microsoft Mastering: MFC Development Using Microsoft**

The Mastering Visual C++ 6 companion CD contains all the source code and executable files for the example programs provided in this book. You can use these files to save typing when working through the exercises given in the book, to explore the features of the example programs, and to experiment with additional programming techniques.
