The late middle ages were without doubt the most interesting period in Suffolk's history. By the end of the eleventh century Suffolk was wealthy, densely populated, highly commercialised and urbanised; in the fourteenth century its people faced three of the most tumultuous events of the last millennium, the Great Famine (1315-22), the Black Death (1349) and the Peasants' Revolt (1381).

Into this well-developed analysis of economic structure and performance, Bailey interweaves other features of development in Suffolk which both illustrate more general features of change and complement them with precise local observation. Weak manorialisation of Suffolk accounts in part, at least, for distinctive patterns of land use and settlement.
