

migrant remittance flows findings pdf

A remittance is a transfer of money by a foreign worker to an individual in their home country. Money sent home by migrants competes with international aid as one of the largest financial inflows to developing countries. Workers' remittances are a significant part of international capital flows, especially with regard to labour-exporting countries. ...

Remittance - Wikipedia

A "migrant worker" is a person who either migrates within their home country or outside it to pursue work such as seasonal work. Migrant workers usually do not have an intention to stay permanently in the country or region in which they work. Migrant workers who work outside their home country may also be called foreign workers or expatriates, especially when they are sent for or invited to ...

Migrant worker - Wikipedia

With 189 member countries, staff from more than 170 countries, and offices in over 130 locations, the World Bank Group is a unique global partnership: five institutions working for sustainable solutions that reduce poverty and build shared prosperity in developing countries.

Migration and Remittances Data - World Bank

Context Migration trends in the Americas. Migration is not a new phenomenon, despite its seemingly sudden rise to global attention. The movement of people, whether within country borders or across international borders, has been occurring for centuries and has recently become a major feature of globalization.
