examples of modality in language: (1) It's not possible that this table be made of ice. (2) If this table is made of wood, then it couldn't have been made of ice. (3) If this table had been made of ice, then it wouldn't have been possible for it to be made of wood. (4) The table she ordered should be made of ice.

### **Modality in Language - U-M Personal World Wide Web Server**

modality: MODAL SYSTEMS and MOOD. He believes that many languages may be characterized by one or the other. He also claims that typology related to modality cannot be undertaken on purely formal grounds because of the complexity of cross-linguistic differences in the grammatical means used to express what he terms "notional" categories.
