Technological Sovereignty: Missing the Point?

sharing sovereignty with and within international organizations, this volume focuses on the internal challenges to state sovereignty. In pursuing this inquiry, the contributors argue that both internal and external factors have increased the sovereignty of sub-national levels of governance: sovereignty is a continuous variable.

The Concept of Sovereignty Revisited

General Principles What is Sovereignty? Under current international law, sovereignty is defined as follows: Sovereignty in the sense of contemporary public international law denotes the basic international legal status of a state that is not subject, within its territorial jurisdiction, to the

General Principles What is Sovereignty

Sovereignty, like all other political terms and theories too has evolved with time. Though Sovereignty is a modern concept, it did exist in ancient and medieval times in the very idea of supremacy. From the time of classical writers, like Aristotle Sovereignty or as he referred it "supreme power" of the
