Budget deficit is the gap between public revenues and expenditures. Revenues normally come from taxation and public property while expenditures may cover development projects as well as current expenses of running the government.

### **budget deficit and instruments of public borrowing - kahf**

Muslims are the largest minority community of India. The nature and quantum of their development deficit is difficult to assess given the concealment of data across socio-religious communities. Even the government appointed committees failed to have access to comprehensive religion specific data.

### **Muslims and Development Deficit Micro Realities in Uttar**

impact of Muslim representation in India's state legislatures on development outcomes for Muslims relative to others. This study is of topical relevance given the increasing politicization of religion in India and the frequency of Hindu-Muslim violence. Muslims are, on many fronts, as disadvantaged a minority group in India as the lower caste ...

### **Religion, Politician Identity and Development Outcomes**

Muslims are the largest minority community of India. The nature and quantum of their development deficit is difficult to assess given the concealment of data across socio-religious communities. Even the government appointed committees failed to have access to comprehensive religion specific data.
