highlighted technique and formal patterns of literary works rather than their subject matter or the social values. They argued that the literary use of language is distinct from the practical use of it. Focussing or foregrounding of language has an effect of estrangement; it defamiliarizes the literary discourse.

### **Narratology : An Introduction - INFLIBNET**

theories of narratology, as well as reflecting on the relation between the narratological and ideological dimensions of the study of narrative/literature. Ideological analysis of narrative, and the literary criticism based on it, has often assumed the
