A significant contribution to political history, it unravels the intricate debate among the agencies, State, Defense and Interior, on such important issues as to how to reconcile the national security interests of the U.S. and its obligation under the UN Trusteeship Agreement to honor the right of self-determination of the peoples of the Trust ...

National Security and Self-Determination: United States

National security refers to the security of a nation state, including its citizens, economy, and institutions, and is regarded as a duty of government.. Originally conceived as protection against military attack, national security is now widely understood to include non-military dimensions, including economic security, energy security, environmental security, food security, cyber security etc.
