News is information about current events. This may be provided through many different media: word of mouth, printing, postal systems, broadcasting, electronic communication, or through the testimony of observers and witnesses to events. It is also used as a platform to manufacture opinion for the population see propaganda.. Common topics for news reports include war, government, politics ...

News - Wikipedia

Fake news is a type of yellow journalism or propaganda that consists of deliberate disinformation or hoaxes spread via traditional print and broadcast news media or online social media. The term is also at times used to cast doubt upon legitimate news from an opposing political standpoint, a tactic known as the lying press. The false information is then often reverberated as misinformation in ...
