Don't say fuck. Ethereum is a way for a bunch of computers to talk to each other. People can ask these computers to run programs that can't easily be shut down because all the computers share the code with each other.

WTF is Ethereum?

Want to hear something really weird? All this time, I've been writing this blog about financial independence, a term and movement that is often credited to the 1993 book "Your Money or Your Life".
