Oil and gas from the sea 9 > Offshore gas and oil production began more than a century ago. With many shallow-water fields already exhausted, these natural resources are now being extracted at ever greater depths.

## **Oil and gas from the sea - World Ocean Review**

The declaration of Exclusive Economic Zones (EEZ) increases greatly the area over which coastal nations have exclusive control of the resources of the earth. Unlike the land jurisdiction, the title to the resources of the Exclusive Economic Zone and the terms and conditions under which title passes to private ownership, vest in the people of Nations through Federal and State sovereignty.
