offshoring opportunities strategies and pdf

Offshoring is the relocation of a business process from one country to another—typically an operational process, such as manufacturing, or supporting processes, such as accounting. Typically this refers to a company business, although state governments may also employ offshoring. More recently, offshoring has been associated primarily with the outsourcing of technical and administrative ...

Strategic Importance of Knowledge Process Outsourcing

Outsourcing is "an agreement in which one company hires another company to be responsible for an existing internal activity." It often involves the contracting of a business process (e.g., payroll processing, claims processing), operational, and/or non-core functions, such as manufacturing, facility management, call center support). The term "outsourcing" came from "outside resourcing" and ...
