OOER '95 Object-Oriented and Entity-Relationship Modeling

PDF | In this paper a mechanism for access control at the instance level of a class in object-oriented databases is suggested. The approach is based on the use of pseudo-random functions and ...

(PDF) A Cryptographic Mechanism for Object-Instance-Based

This paper describes an object oriented design approach that uses classification mappings rather than conventional structured mappings in design. It argues that design in environments where a large number of choices can be used to create designs proceeds in an unstructured manner.

An object oriented approach for CSCW system design

Description : This volume constitutes the refereed proceedings of the 14th International Conference on Object-Oriented and Entity-Relationship Modelling, OOER '95, held in Gold Coast, Australia in December 1995. The 36 papers presented together with an invited presentation by Gio Wiederhold were selected from a total of 120 submissions.
