Political conflict across Africa is often linked to the pervasive use of patronage in retaining control of the state. However, few sources of data have been available to systematically examine the relationship between a leader's patronage strategies and the likelihood of an extraconstitutional change in power.

7. Kenya's political system is characterised by strong ethnic identities and entrenched patronage. Political tribalism and patronage have converged on the State to create significant incentives for corruption. Since 1991 when Kenya re-introduced multi-party politics, Kenya has witnessed the rise of election-related corruption.

Patronage A formal definition of patronage is "the power of appointing people to governmental or political positions" and "the positions so distributed" (Webster's II New College Dictionary 1995). Generally, the word patronage has a negative connotation that this straight-forward definition fails to convey.
