Multi-Modal Transportation Planning Victoria Transport Policy Institute 8 Multimodal Planning Concepts Multi-modal planning refers to planning that considers various modes (walking, cycling, automobile, public transit, etc.) and connections among modes.

Introduction to Multi-Modal Transportation Planning

This handbook is intended to introduce transportation practitioners to a method of integrating ecological interests into transportation planning to address natural resource conservation and restoration priorities at a regional scale, and to establish a more reliable and efficient delivery program for projects with partner agencies.
