date of your coin listed, this means that it is a common date coin and it has minimal numismatic or collectible value. Dates in standard font are semi-key date coins, which are more valuable than common date coins. Those with dates in bold are truly rare and valuable coins, with values typically in excess of \$100.

**If you are in possession of a collection of old coins, you**

Coins with bigger price tags have a better chance of earning a good Index score compared to lesser coins. Why is this? Consider a coin that doubles in value from .50 to \$1.00 over a five year period; in effect, this coin compounded annually at a rate of 14.67% over the five years.

The Pocket Guide to Australian Coins and Banknotes is to many collectors what the form guide is to punters - a printed publication that you must have. Whether it stays on a dealer's desk (like mine does) or in a collector's back pocket when they're out and about at a dealer's shop or at a coin show, it's a common acquisition for many collectors, no matter what they collect.
