Environmental racism is a term used to describe environmental injustice that occurs in practice and in policy within a racialized context. In 1982, the term was coined by Benjamin Chavis, who was the then executive director of the United Church of Christ (UCC) Commission for Racial Justice, in response to the dumping of hazardous PCB waste in a town in Warren County, North Carolina.

A growing body of research is giving us new ways to quantify the harms of bigness and the benefits of local ownership. In this post, we round-up the important studies and provide the evidence that policymakers can use to craft better laws, business owners can use to rally support, and citizens can use to organize their communities.

I really like small multifamily properties, and I talk about them an awful lot. Several months ago, I wrote a post

called "How to Make a Million Dollars in Real Estate" which was designed to show the possibilities for building wealth through real estate and the start of that plan was the purchase of a small multifamily property. I've explained many times that the goal isn't to buy ...
