Positive behavior support (PBS) is a behavior management system used to understand what maintains an individual's challenging behavior. People's inappropriate behaviors are difficult to change because they are functional; they serve a purpose for them. These behaviors are supported by reinforcement in the environment. In the case of students and children, often adults in a child's environment ...

Effective discipline is important for maintaining a positive atmosphere in the classroom and supporting students' learning. Teaching strategies that support positive behaviours begin by making expectations clear, teaching children how to meet them and reinforcing children's appropriate behaviour.

### **Promoting positive behaviour in the classroom | kidsmatter**

In the past, reactive strategies tended to be the predominant response to the occurrence of challenging behavior. Increasingly, however, family members, researchers, and preschool teachers have been seeking prevention-based and early-intervention strategies for creating proactive and positive environments for social growth and emotional regulation in young children.
