

poverty and participation in pdf

Poverty is the scarcity or the lack of a certain (variant) amount of material possessions or money. Poverty is a multifaceted concept, which may include social, economic, and political elements. Absolute poverty, extreme poverty, or destitution refers to the complete lack of the means necessary to meet basic personal needs such as food, clothing and shelter.

Extreme poverty, abject poverty, absolute poverty, destitution, or penury, was originally defined by the United Nations in 1995 as "a condition characterized by severe deprivation of basic human needs, including food, safe drinking water, sanitation facilities, health, shelter, education and information. It depends not only on income but also on access to services."

Every piece of research contains data whether qualitative or quantitative. How that data is derived and used varies from case to case. With increasing time pressures and a need to validate assumptions, there is growing concern that sound ethics are seen as a luxury but as a recent discussion at IDS concluded, good data ethics are essential if research is to have meaningful impact on lives.
