PDF | The archaeology of pre-Columbian polities in the Amazon River basin forces a reconsideration of early urbanism and long-term change in tropical forest landscapes.

(PDF) Pre-Columbian Urbanism, Anthropogenic Landscapes

The archaeology of pre-Columbian polities in the Amazon River basin forces a reconsideration of early urbanism and long-term change in tropical forest landscapes. We describe settlement and land-use patterns of complex societies on the eve of European contact (after 1492) in the Upper Xingu region of the Brazilian Amazon.

Mapping the Pre-Columbian Landscape | Gustavo Verdesio

The landscapes of the Americas hold a material record of a long and complex history of human transformation of the environment. As William Denevan (1992) has pointed out, "the myth of the pristine environment" has long dominated the literature on the environments of the Americas.

Imperfect Balance: Landscape Transformations in the Pre

Can we distinguish between deliberate and unintended anthropic transformations of the landscape? This chapter summarizes evidence from pre-Columbian Amazonia in order to discuss the relation between three dimensions of anthropic landscape transformations: landscaping, landscape legacies, and landscape capital.

Landscaping, Landscape Legacies, and Landscape Capital in

Mesoamerican architecture is the set of architectural traditions produced by pre-Columbian cultures and civilizations of Mesoamerica, traditions which are best known in the form of public, ceremonial and urban monumental buildings and structures. The distinctive features of Mesoamerican architecture encompass a number of different regional and historical styles, which however are significantly interrelated.
