the defeat of anyone who fought against the accepted political order (p.71). Although dystopia is still a common theme in literature, arts, and politics, there is a contemporary acceptance of an end or failure of positive utopian thinking which contributes to a general dismissal of the concept as a social or political tool.

The critical security studies literature has been marked by a shared commitment towards the politicization of security – that is, the analysis of its assumptions, implications and the practices through which it is (re)produced. In recent years, however, politicization has been accompanied by a tendency to conceive security as connected with a logic of exclusion, totalization and even violence.

levels of political leadership. We, as followers of Jesus, must clearly reject the use of racial bigotry for political gain that we have seen. In the face of such bigotry, silence is complicity. In particular, we reject white supremacy and commit ourselves to help dismantle the systems and structures that perpetuate white preference and advantage.
