

reflexology pdf

Reflexology, also known as zone therapy, is an alternative medicine involving application of pressure to the feet and hands with specific thumb, finger, and hand techniques without the use of oil or lotion. It is based on a pseudoscientific system of zones and reflex areas that purportedly reflect an image of the body on the feet and hands, with the premise that such work effects a physical ...

The Reflexology maps are based on the concept that the ear, foot, or hand are connected to all the other parts of the body through the nervous system or "energy" system and thus become a reflection or snapshot of the entire body. Interestingly, Dr. Nogier put forth the concept that the ear can be mapped by comparing to a baby curled into the fetal position.

Ear reflexology is not as well-known as foot or hand reflexology, but it is just as effective for relieving stress and pain. Application of ear reflexology is fast and easy. It is ideal to use when other health conditions make the more traditional reflex therapies unsuitable because of cuts, scrapes or other more serious injuries.
