affected China to a limited degree. A political reform movement arose in the late 1980s. It built on economic reforms begun earlier in the decade. However, although the leadership of the Communist Party in China generally supported economic reform, it opposed political reform. China's Communist government clamped down on the political reformers.

Reform. Introduction In terms of political science and international studies, the concept of order and its cost was the object of contention between the English school and its more liberal opponents. A major premise of the English school is that without order, even the possibility of justice does not exist (Bull, 1971).
