The UNGP Reporting Framework is a short series of smart questions to which any company should have answers, both to know whether it is doing business with respect for human rights, and to show others the progress it is making.

UN Guiding Principles Reporting Framework

CHAPTER 3 Bias in randomized controlled trials The main appeal of the randomized controlled trial (RCT) in health care comes from its potential to reduce selection bias.

CHAPTER 3 Bias in randomized controlled trials

Incident reports entered into the Online Accident Reporting System (OARS) are initially screened by EH&S. We triage the reports and forward to others as needed based on the type and severity of the incident. The OARS reports are also sent to their assigned Organizational Health and Safety Committee each month. The committee members review reports and assist with additional follow-up if needed.
