Library and Information Science Research A. Malliari and A. Togia 1Dpt. of Library Science and Information Systems, ATEI of Thessaloniki, Greece Abstract: The aim of the present study is to investigate the general trends of LIS research, using as source material the articles published in Library and Information Science Research in a five-year period (2005-2010).

An analysis of research strategies of articles published

1 Introduction This Professional Report of the IFLA Section of Library Theory and Research compares national trends in library and information science (LIS) research, especially topics for

International Library and Information Science Research: A

1162 research articles from three major library and information science (LIS) journals were analyzed. LIS scholars use a greater number and wider variety of research methods than in the past. Use of multiple methods in a single study and adoption of qualitative approaches are recurring themes in LIS research.

Research Methods and Library Information Science

Science refers to a systematic and organized body of knowledge in any area of inquiry that is acquired using “the scientific method” (the scientific method is described further below). Science can be grouped into two broad categories: natural science and social science.

Social Science Research: Principles, Methods, and Practices

Lor, P.J. (2010) International and comparative librarianship. Encyclopedia of library and information science, 3 rd ed. New York: Taylor & Francis. (Online.) Parker, J.S. (1974) International librarianship – a reconnaissance. Journal of Librarianship 6(4): 219-232. Danton, J. Periam (1977) Definitions of comparative and international library science.

UNIVERSITY OF WISCONSIN-MILWAUKEE School of Information

The organization of knowledge for efficient retrieval of relevant information is also a major research goal of library science. Being interdisciplinary, it overlaps with computer science, various social sciences, statistics, and systems analysis. It is also called "library and information science", abbreviated "LIS".
