RESEARCH METHODS General Introductory Texts

Welcome This website takes students well beyond the passive learning that comes from reading, to an active processing of the material that will enhance learning and the enjoyment of learning. The menu bar on the top of the screen is the primary navigation tool for the website.

Graziano & Raulin (8th edition)

Now in its 8th Edition, RESEARCH METHODS provides psychology students with a scientific approach to understanding their field of study and the world in general. The text's logical, step-by-step coverage is the result of decades of author experience, and includes all of the stages of the research process from selecting the project and searching for literature to choosing a protocol and getting published.

Research Methods - Donald H. McBurney, Theresa L. White

Donald McBurney and co-author Theresa White bring years of dedicated scholarship, research, and teaching experience to RESEARCH METHODS. This concise text puts psychological research into a larger scientific context, to show students how psychology fits into a scientific approach to understanding the world.
