Case Study Abstract. The focus of this case study is the supply chain of the world's largest retailer, Wal-Mart. Wal-Mart in recent years has struggled with its supply chain. The big question is: Will Wal-Mart be able to revive the competitive advantage it had in the past with its efficient supply chain? This case discusses the supply chain management practices of Wal-Mart over the years.

Retail is the process of selling consumer goods or services to customers through multiple channels of distribution to earn a profit. Retailers satisfy demand identified through a supply chain. The term "retailer" is typically applied where a service provider fills the small orders of a large number of individuals, who are end-users, rather than large orders of a small number of wholesale ...
