

rights and constitutionalism nationalism pdf

Constitutionalism. Constitutionalism is the idea, often associated with the political theories of John Locke and the "founders" of the American republic, and equated with the concept of regula iuris, the "Rule of Law", that government can and should be legally limited in its powers, and that its authority depends on enforcing these limitations. The following links and documents explore this ...

Constitutionalism

Nationalism is a political, social, and economic ideology and movement characterized by the promotion of the interests of a particular nation, especially with the aim of gaining and maintaining the nation's sovereignty (self-governance) over its homeland. Nationalism holds that each nation should govern itself, free from outside interference (self-determination), that a nation is a natural and ...

Fascism (/ ˈfæʃɪzəm /) is a form of radical authoritarian ultranationalism, characterized by dictatorial power, forcible suppression of opposition and strong regimentation of society and of the economy, which came to prominence in early 20th-century Europe. The first fascist movements emerged in Italy during World War I before it spread to other European countries.
