The British institutionalised caste into the workings of the major government institutions within India. The main benefactors of this indirect rule were the upper castes or forward castes, which maintained their hegemony and monopoly of control and influence over government institutes long after independence from the British. The state of post-colonial India promised development, rule of law ...

The caste system in India is the paradigmatic ethnographic example of caste. It has origins in ancient India, and was transformed by various ruling elites in medieval, early-modern, and modern India, especially the Mughal Empire and the British Raj. It is today the basis of educational and job reservations in India. It consists of two different concepts, varna and jati, which may be regarded as ...
