Problems and Prospects of Implementing Rural

Human migration is the movement by people from one place to another with the intentions of settling, permanently or temporarily in a new location. The movement is often over long distances and from one country to another, but internal migration is also possible; indeed, this is the dominant form globally. People may migrate as individuals, in family units or in large groups.

Dear Members, The 2018 edition of the State of Food and Agriculture (SOFA), one of FAO's annual flagship publications, will focus on migration and the challenges it poses to food security as well as to peace and stability.

Rural migration, agriculture and rural development

An economy (from Greek *oikos*, "household" and *nomos* "manage") is an area of the production, distribution, or trade, and consumption of goods and services by different agents. Understood in its broadest sense, 'The economy is defined as a social domain that emphasises the practices, discourses, and material expressions associated with the production, use, and management of ...
