Monitor the amount your salamander eats. In general, salamanders will simply stop eating when they are full. The amount you feed your salamander really depends on him. During the first couple of days that you feed it, provide him with a set amount of prey (you choose the number) and then check back on them in the next couple of hours.

How to Care for Salamanders (with Pictures) - wikiHow

This pocket reference guide, by Michael W. Klemens, includes information on salamanders, frogs, turtles, lizards, and snakes, as well as a checklist. Each species is represented with a color photo, common and scientific names, description for easy identification, and a summary containing history of species, location, and population numbers.

DEEP: Salamanders of Connecticut - ct.gov

Salamanders of Pennsylvania makes accessible a wealth of information about the 23 kinds of native salamanders found in Pennsylvania. Color photographs are paired with detailed species accounts, which provide information about body size, appearance, and other identifying characteristics of adults and young; taxonomy and nomenclature; habits; distribution and habitat.
