Scholar Social features a monthly "official" journal club, in which we try to read and comment on a paper of interest. Any user of Scholar Social can suggest an article by sending the DOI by direct message to @socrates@scholar.social and one will be chosen by random lottery on the last day of the month.

Security requirements have been raised to a high level in nation-states around the world following the 9/11 attacks. The resulting increase in routine surveillance of citizens, and especially of travelers, raises questions of sociological interest regarding the intensified means of technology-dependent governance common to many countries. The quality of social existence in a globalizing world ...
